National Vendor Development Programme -2013

The Event

MSME Development Institute, Ministry of MSME, Government of India, Hubli in association with Department of Commerce & Industries, Government of Karnataka and Belgaum Small Scale Industries Association, Belgaum. is organizing a two day MSME EXPO – 2013 (National Vendor Development Programme cum Industrial Exhibition) on 27th and 28th February 2013 at Belgaum

The National Vendor Development Programme (NVDP) and the exhibition will be a platform for MSMEs and facilitates market linkages between MSMEs and Large Industries, Government Department, CPSUs etc. Enterprises that are mainly into Foundry, Forging, Casting, Machining components, Hydraulic equipments & Industrial Valves will be participating.

As part of the two days event, a technical session on the topics such as various Government Schemes, Vendor Registration, Quality Standards, Procurement procedures, Public Procurement Policies, Credit facilities, etc is organised for the benefit of MSME units.

Main Objectives of the Programme are :

- To provide an opportunity to Micro, Small and Medium Enterprises to showcase their Capabilities and Strength to the various wings of Government departments, Large Scale Enterprises, CPSUs.
- To enable the large enterprises to identify suitable vendors among the MSME sector for forging "Vendor-Vendee" relationship.
- To create awareness about Schemes of Ministry of MSME, Govt. of India and Schemes of Government of Karnataka.
- To create awareness about Public procurement policy Act 2012. As per the Policy "All Central Government Ministries, Departments and Public Sector Undertakings need to procure minimum of 20 per cent of their annual value of goods or services from Micro and Small Enterprises from financial year 2012-13 and onwards." and it will be mandatory from 01.04.2015.

Organisers

MSME - Development Institute, Hubli

Micro, Small and Medium Enterprises Development Institute under Ministry of MSME, Government of India established to offer wide range of services such as counseling, technical and managerial consultancy to the existing as well as prospective entrepreneurs, preparation of project reports, Potential Survey, Techno-Economic Feasibility reports to State agencies, NSIC registration are undertaken regularly. MSME-DI conducts regular trainings in Entrepreneurship Development, management Development and skill Development training programmes. MSME-DI, Hubli also organizes specialized seminars and workshops in the area of Intellectual Property Rights, Energy Conservation, Export Procedures and Documentation, Packaging etc.

MSME-DI, Hubli also implement the schemes of O/o DC(MSME), Government of India to encourage MSMEs to acquire ISO certification, Bar Code, Credit Linked Capital Subsidy Scheme for Technology up gradation, Credit Guarantee Fund Trust Schemes for MSEs, participation in International Trade Fairs and implementation of National Manufacturing Competitiveness Programme components to boost manufacturing sector among the MSME sector.

Belgaum Small Scale Industries Association, Belgaum

The BSSIA was instituted in April 1982, to voice the genuine concerns of small and tiny scale industries in and around Belgaum at various forums, Government agencies and to wriggle out of the shackles of red-tapism in the bureaucracy. The National Vendor Development Programme and the exhibition will showcase the products exclusively manufactured by MSME's includes machinery, materials, consumer goods, tooling, measuring instruments, I.T. Solutions and other services, requirement of Government PSU's i. e. mainly Defence, Railways, KSRTC, MGP, HAL, BHEL, Airforce so on. The event initiates constructive dialogue with a positive note on National Vendor Development Seminars,

The Small Scale Industries in our country have shown a phenomenal development for manufacture of critical components and spares needed by the above Departments conforming to stringent quality standards, and with their expertise in their relative fields of activities and sophistication, SSI units in the country are in a better position to manufacture quality products as per the requirements of their parent units.

Display of various components, products and services has also been planned in order to expose the small scale industries on vast potential available for design and developmental works and to register as their (PSUs) approved Vendors. Small Scale Industrial Units would also, along with the PSUs and Government Departments, display their technical and technological competencies, capabilities to enable building up of strong and enduring business tie-ups. During the seminar, presentation and important discussions will be held on topics of importance like registration and purchase procedure of various Government Departments, Defence Establishments and PSUs. Topic on role of other facilitating agencies, ISO-9000 Certification and Quality Standards, Govt. Schemes like CLCSS, EGMST, CGTMSE etc are also being planned.

This programme has become all the more important for Indian SMEs, especially due to unexpected developments in global economical environment, which is having significant impact on every sector. Therefore this programme will definitely provide a platform for Indian SMEs to develop strong and enduring business tie-ups. During the mega event seminar on the following topics are likely to be discussed.
